NIGHT SCENE IN A BOARDING-HOUSE.

A lady, whose husband is in California, Calcutta or Chicago, suddenly awakened from her sleep the other morning about two o'clock, and springing from her bed, dashed out of her bed *en dishabille*, screaming at the top of her voice, "Murder! Help! Murder! Man in my room!" etc., etc, Under the circumstances this was quite natural, inasmuch as more than one mistake had happened in the house recently. Now, it appeared that no less than three husbands were absent when they should have been there, and consequently there was more or less wonder, mixed up with a species of apprehension on the part of three wives, each one wondering whether it was her husband who had forgotten himself or the room.

"Oh, come up quickly," shouted the terrified female, holding on to the outside door knob, "I've got him in."

"It's my Josey," said another disconsolate, "I'll learn him better. Confound these night suppers, now he's been at one one of them, and has mistaken the room, there I've been alone all night."

"Has he got whiskers?" anxiously asked the wife upon reaching the upper landing upon the upper floor.

"Yes, ma'am, great big bushy whiskers, laying right alongside of my cheek when I awoke. Dear me, if my Alexander was here, he'd learn him better, I'll warrant you."

"Joseph! Joseph! Josey!" shouted the wife. No answer came; not even a grunt incident to intoxication.

"Maybe he has jumped out of the window," suggested the four or five females all at once, who made a splendid group of long white drapery.

"Here, help! bring a light, bring a light!" shouted several of the females.

Presently a light was brought, and several of the male boarders appeared, armed to give the thief or robber such treatment as he had justly earned for himself.

The door was opened, and in rushed the valiant squad, and sure enough the fellow was still in bed, with the top of his head just peeping above the sheet.

'Come out of here, you scoundrel!" said one of the men, at the same moment grasping him by the hair.

The tableau was strikingly interesting and graphic.

The resolute boarder almost fell from the impetus he had given himself, for, instead of jerking out a man, it was nothing more than a "frizzed chignon," which the lady occupant of the bed had forgotten to take off when she retired for the night. It had been detached in her sleep and grazing her cheek, awakened her. The alarm was, of course, quite natural. The boarders had a hearty laugh, and all retired to happy dreams.

THE BOOTH HOAX.—Not satisfied with the first story, that one Captain Tolbert, of the ship "Bird of the Ocean," had won a wager on the proposition that John Wilkes Booth was still living, the sensation-mongers have circulated another story that Captain Tolbert has won a second bet from a Captain Hunt, who, according to the *canard*, was shown the living assassin, and was so well satisfied with Booth's identity that he paid the wager to Tolbert. This last yarn comes in the shape of a letter from a Professor Wm. A. Frazer, and it recently appeared in the Louisville *Journal*. The story is trashy and improbable, and is published no doubt to gratify the common taste for sensations and improbabilities. It is a well known fact, which can be substantiated by responsible persons in San Francisco, with whom Edwin Booth has corresponded, that a member of the Booth family saw the body of John Wilkes Booth after death, and that it was recognized beyond a doubt. Besides, there are other evidences of the fact that Wilkes Booth was killed by Boston Corbett, as the papers represented at the time of the killing. The attempt to get up a second Morgan sensation over the assassin of President Lincoln is a very silly one.—*Grass Valley Union.*

TWELVE years ago twelve gentlemen met at a dinner party given by an Alabama planter. Before ten years were passed, ten were dead. General T. F. Meagher, the eleventh, was lately drowned at Fort Benton, and Girard Hewitt, of St. Paul, Minn., is now the only survivor.

ICE BY ARTIFICIAL MEANS.—The *Bulletin* is credibly informed that a number of capitalists in San Francisco are about organizing an incorporated company for supplying ice (made by artificial means) to consumers, at reduced rates. These parties have purchased an ice-making machine, which was exhibited at the World's Fair at Paris, at a cost of $70,000. The machine is now on its way to this port, and is said to be capable of making ten tons of ice per day of twelve hours, which will be furnished to consumers at $10 per ton, delivered. It is expected to arrive in time to set up during the coming Winter, so as to be ready to manufacture ice by the first of May next. If the machine answers the expectations of the purchasers, the citizens of San Francisco will receive ice in 1868 at a price which will much increase its use in private families. Cheap ice may also be expected from the summits of the Sierra as soon as the Central Pacific Railroad Company are prepared to transport it. The weather during the Winter is cold enough to make good ice, and the purest of water can be collected in improvised ponds from springs along the line of the road, so that it could be collected and shipped at a comparatively small expense. Cheap ice is much needed, and from being a luxury its general use will soon make it a necessity to the public.

THE new Bankrupt Law of Congress provides that mortgages given within four moths before an insolvent becomes bankrupt may be set aside, and the holders of the mortgage be compelled to come in as other creditors. The effect of this will be to cause great caution hereafter in accepting mortgages.

AMERICAN INSTITUTE

NEW YORK, 1865.

To the FLORENCE SEWING MACHINE CO. for the Best Family Sewing Machine,

HIGHEST Premium! Gold MEDAL!

REASONS:

1st.—Its simplicity and great range of work.
2d.—The Reversible Feed Motion.
3d.—The perfect finish and substantial manner in which the Machine is made.
4th.—The rapidity of its working and the quality of the work done.
5th.—The self-adjusting Tension.

The Florence was awarded the first and highest premium at the State Fair of California, the only Fair on the Pacific coast at which any two double thread Sewing Machines were exhibited in competition in 1865.

The Florence received the only premium awarded, by the Mechanic's Institute of San Francisco, in 1864 and 1865, to any Sewing Machine, Sewing Machine Co., or Agent. The claim of a competitor to a medal is without any foundation whatever.

Wherever the Florence has been brought in competition with other Sewing Machines, it has always been declared the best. It is the most simple, the most substantial, the most efficent, and its use is easily learned. Every Machine sold is guaranteed in the full sense of the word.

REMOVAL.

DR. TOZER,

Formerly of Lock Hospital, London.

Would most respectfully call the attention of the public of San Francisco and vicinity to the fact that he has removed his MEDICAL INSTITUTE from the corner of Jackson and Kearny streets,

TO 108 MONTGOMERY STREET, Adjoining Occidental Hotel,

Where he will be in attendance daily to administer to the wants of all those who may require his services.

It is impossible here to mention all the diseases with which he is familiar; some, perhaps, will not be out of place. The most formidable, the most destructive to mankind is Self-Abuse. The brain being the seat of the disease, the whole system suffers in consequence. I will here enumerate some of the symptoms, so that those afflicted may be able to form an opinion in regard to their complaints and seek advice in time, thereby saving themselves a world of suffering:

Nervous Debility, Loss of Memory, Pain in the Limbs and back, Palpitation of the Heart, Trembling of the Limbs, Headache and an aversion to Genial Society, especially that of Females.

There are a great many more, but these are sufficient, and should you be suffering from any of them, call on DR. TOZER, and he will cure you in a short time, without any interruption in your business—or state your case by letter, and there will be no occasion for your calling at the office.

STRICTURE OF THE URETHRA

Is another formidable enemy to health. Send for one of my circulars on that disease, and inform yourselves of its terrible results. The worst cases cured in a few days.

DR. TOZER has for the last forty years given his entire attention to the TREATMENT AND CURE OF SPECIAL COMPLAINTS, and will GUARANTEE a cure in all cases. His remedies are Purely Vegetable, and positive in their action.

His remedies for all FEMALE COMPLAINTS have been tried in this City and State for the last fifteen years, with the greatest success.

His FEMALE PILLS are unrivaled in the cure of suppression of the monthly sickness. Price, $5 per box—to be had at the office only. Sent by mail or express on receipt of price.

A CARD FROM THE AMERICAN WATCH COMPANY,

Of Waltham, Mass.

This Company beg leave to inform the public that they commenced operations in 1850, and their factory now covers four acres of ground, and has cost more than a million dollars, and employs over 700 operatives. They produce 75,000 Watches a year, and make and sell not less than one-half of all the watches sold in the United States.

The difference between their manufacture and the European, is briefly this; European are made almost entirely by hand, and the result is of necessity a lack of that uniformity, which is indispensable to correct time-keeping. Both the eye and the hand of the most skillful operative must vary. But it is a fact that, except watches of the higher grades, are the product of the cheapest labor of Switzerland and the result is the worthless Ancres, Lepines and so-called Patent Levers—which soon cost more in attempted repairs, than their original cost. Common workmen, boys and women, buy the rough separate parts of these watches from various factories, polish and put them together, and take to the nearest watch merchant, who stamps and engraves them with any name or brand that may be ordered.

How American Watches are made.

The American Waltham Watch is made by no such uncertain process—and by no such incompetent workmen. All the Company's operations from the reception of the raw materials to the completion of the watch, are carried on under one roof, and under one skillful and competent direction. But the great distinguishing feature of their watches, is the fact that their several parts are all made by the finest, the most perfect and delicate machinery ever brought to the aid of human industry. Every one of the more than a hundred parts of every watch is made by a machine—that infallibly reproduces every succeeding part with the most unvarying accuracy. It was only necessary to make one perfect watch of any particular style and then to adjust the hundred machines necessary to reproduce every part of that watch, and it follows that succeeding watches must be like it.

The Company respectfully submit their watches *on their merits* only. They claim to make

A Better Article for the Money

by their improved mechanical processes than can be made under the old fashioned handicraft system. They manufacture watches of every grade, from a good, low-priced and substantial article, in solid silver hunting cases, to the finest chronometer; and also ladies' watches in plain gold or the finest enameled and jeweled cases; but the indispensable requisite of all their watches is that they shall be GOOD TIMEKEEPERS. It should be remembered that, except their single lowest grade named the "Home Watch Company, Boston," ALL Watches made by them

ARE FULLY WARRANTED

by a special certificate, and this warrantee is good at all times against the Company or its agents.

EUREKA HAIR COMPANY.—This enterprising company are putting in extensive machinery at their factory, and making preparations to carry on their business on a grand scale. It is now known that the soap plant is to furnish one of the principle articles for manufacture of the State. The company in this place are men of energy, and have the means to produce enormous amounts of the manufactured article. The raw material is on nearly every hill, and in every valley to be found in abundance. The Redstone brothers are putting in their machinery, and we know that the company will realize the most satisfactory results.

WE return our thanks to the officers of the Butte County Agricultural Society for a season ticket to their Fair on the 2d of October next. The officers of the Marysville and Lincoln and Marysville and Oroville Railroads not having extended to us a "pass" upon their roads, we are totally unprepared to take advantage of their polite invitation to grace the Butte county Fair with our pleasing and benign countenance. Otherwise, gentlemen, we would most certainly "be with you" on the coming festive occasion. We hope, however, your Fair will come off. Don't allow our absence to derange your plans for exhibiting big apples and fast race horses.

POSTMASTERS, ATTENTION!—A copy of the ENQUIRER regularly mailed at this Post Office since the 4th of this month for Napa, failed to reach its destination. A copy of a newspaper may seem a very trivial thing to a careless, unthinking official, but it is oftentimes a dearly prized visitor by those to whom it it is addressed. Especially so when it holds up to view a reflection of one's old home, presents a record of the changes and events transpiring in the circle of once familiar friends, now lost to sight. And it is thus that the ENQUIRER is valued in Napa—when it goes— and hereafter we want it to go.

CORRECTION.—A few days ago we mentioned the occurrence of a runaway at Cisco, in which we innocently seriously injured a gentleman and nearly killed a lady, by the overturn of a vehicle in which they were riding. Since then, we learn that the gentleman, Joe Daley was not hurt, and that the lady is all right. One of the horses *was* killed, however, to which fact we intend to stick

FITTING UP—Messrs. Wentworth and McClure are fitting up their hydraulic mining claim, on Squires' Canon, in a first-class manner, for the coming Winter. This claim, it is confidently predicted, will henceforth rank with the best paying claims in the county.

BLUE BLUFF.—It is reported that excellent pay has been struck in one of the tunnels in this place, in which work has been steadily prosecuted for ten years without remuneration to the owners.

We learn that Mr. A. M. Jewell, of Canon Creek, has assumed proprietorsbip of the Hackett House at Gold Run. Mr. Jewell is eminently qualified to dispense the offices of landlord, and his amiable lady cannot fail to make the house a pleasant home for her sex.

THE present attendance at the M. E. Church in this place, it is said, is very small owing to a variety of circumstances, the principal one being that there is no one to preach.

GONE.—Rev. E. J. Richards, whose health has been greatly benefited by our mountain air, left Dutch Flat on Thursday last, for his home in San Francisco.

RETURNED.—Mrs. R. K. Marriner, the sweet singer, who has been East to cultivate her musical powers, has returned.

BEGUN AGAIN.—San Francisco had the first shake of the season, September 22d. Will she ever be quiet?

FREE FRUIT.—Luscious peaches and grapes are dispensed free gratis for nothing, at the Senate Saloon. Call and help yourself.

THE DUTY OF CONGRESS.

There can be no possible doubt that Andrew Johnson, by the removal of Stanton and Sheridan, and by his course with Sickles, is determined to do all he can to prevent reconstruction under the laws of Congress. This fact established, the course of Congress is clear. They should impeach and remove the man who, by all his power, is staying the course of justice. All right-minded men agree that to insure permanent peace and prosperity in the South the laws of Congress must be enforced. They supposed they had put it beyond the power of the President to do any further harm when the Supplemental Bill was passed, but, in spite of all their efforts, Congress cannot fail to see that A. J. is not only determined, but that he has succeeded in hindering reconstruction. Not only are the rebels encouraged in their resistance to the laws, but their attention is turned away from the only way back to prosperity. As long as there is the least hope that they can compel somebody else to earn a living for them, the rebels will never put their own hands to active, honest industry. The feverish political excitement in which the acts of Johnson keep the people of the South, seriously interferes with their devotion to the sole method of return to industrial and financial prosperity. Nor is the South alone affected; the North, the whole country feels the evil. Every consideration, therefore, justice, security for the future, financial prosperity, the progress of truth and a higher civilization, require that Congress shall give the country peace and prosperity by deposing the great obstructionist of the White House. The world is still watching us to see whether we have the wisdom and firmness to go straight forward with our work of national regeneration till no reaction can deprive us of the substantial benefits secured by our victorious arms. When our example has caused a tory administration to enfranchise millions of Englishmen, shall we allow one tyrant to set us back for years in our holy work of good to man, or to derange our finances and demoralize the public mind by sophistries, which would have no weight but from the official position of the promulgator. Hitherto it has been supposed that Johnson was a lesser evil than impeachment. Can it be said longer? Let the people instruct their servants to do the requisite work of the hour thoroughly and quickly.

THOSE who present low aims to the Republican party must expect to be repulsed and rejected by it; for it cannot afford to have its unity destroyed. It does not yet recognize its great work as accomplished.—*Sac, Union.*

Most true; therefore the Sacramento *Union* was "repulsed or rejected" by the Union men of this State. It did its best to destroy the unity of the party, and what is worse, still continues its false accusations against men whose shoes it is not worthy to unloose. And all from no higher motive than revenge upon Senator Conness and others who tried to break up the monopoly of the telegraph news. Let it be forever remembered that all its charges of fraud and trickery in the Convention which nominated Mr. Gorham have been branded as false by Judge McFarland, the Bidwell candidate for Chairman; and that all the charges against Mr. Gorham are of the same character, and that to-day he stands infinitely higher in the esteem of the party than any of the men connected with the Sacramento *Union*.

ASSAULT AND BATTERY.—A case of this nature was tried before Justice Brown yesterday morning. The assault was committed by a well known carpenter, and the battery by a drug clerk. The carpenter went into the drug store the day before, considerably intoxicated, and after some words with another party, threw a chair at him. Drug clerk, who was cleaning up with a shovel, came from the rear of the store, and chucked carpenter into the street. Carpenter then threw a chair at clerk; clerk than tapped carpenter over the head with the shovel, raising quite a bump. Carpenter got out a warrant. On calling the case, when the Justice said, "You do solemnly," etc., carpenter replied: "Yes, I'l be — if I don't." "What do you know about this case?" "Don't know anything about it." "How came that lump upon your head?" "Don't know; lumps are liable to come on my head any time." The case was dismissed, the costs summed up, the plaintiff went to the drug store, got the money, paid the costs, and thinks the drug clerk and he will yet become good friends.

OUTRAGEOUS CONDUCT.—The soldiers are behaving badly in Los Angeles. Recently a party of them entered the house of a man of family in that place, knocked the owner senseless, and attempted to carry off his wife and daughter, a child eight or nine years of age, with the intention, evidently, of outraging their persons. As one of the soldiers was carrying off the little girl, she discovered a knife in his belt, This she seized, and stabbed him in the back, inflicting a severe wound. The mother cut another severely, which caussd him to let go his hold. At this time the father recovered from the effects of the blow he had received, and giving the alarm, some neighbors rushed to his assistance, and gave the villains such a drubbing as they will not get over in a hurry.

LETTER FROM SECRETARY STANTON.—The following letter from Secretary Stanton was read by the Mayor at the meeting of the Board of Aldermen of Boston:

COTUIT PORT, August 22d, 1867.

Sir: I have the honor to acknowledge your letter of yesterday's date, enclosing a copy of resolutions passed by the Aldermen and Common Council of Boston, referring to my public services and tendering to me the hospitality of that city. Such a testimonial could not fail to be gratifying to any public servant, and by me will be highly appreciated. In respect to the public services referred to, I claim no more merit than justly belongs to all patriotic men and women, who were ready to bear all, do all, and suffer all, that their Government might be saved and its foundation established upon the principles of universal freedom, guaranteed by universal suffrage and universal education. My purpose in visiting this State was truly stated in the preamble of your resolutions, viz: for the re-establishment of my health. I hope, therefore, to be excused from any public ceremony or attention, and that this will be received as an appropriate acknowledgment of the hospitalities tendered to me by the municipal authorities of Boston.—With much respect, I am, truly yours,

EDWIN M. STANTON.

To Otis Norcriss, Mayor of Boston.

NEW YORK "TIMES" ON IMPEACHMENT.—The New York *Times* says:

"The fact that Mr. Johnson refuses to recognize this conception of duty, and prefers instead to obey the promptings of mercenary adherents and unscrupulous pettifoggers, is proof that he can no longer be entrusted with the administration of the law. The functionary who examines the law simply that he may bring it to naught, by that circumstance demonstrates his unfitness for office. And the Executive who assails authority which Congress intended to make independent of him, and employs the accidental advantage of a Constitutional position to pick holes in measures formed to provide for the safety and unity of the Republic, provokes the exercise of harsher means of restraint than have yet been employed against him."

SUICIDE.—Andrew Steppe, of Silveyviile, committed suicide at the United States Hotel, in Sacramento, on Friday evening last, by taking strychnine. He went to his room about 6 o'clock in the afternoon, and after being there a short time, an unusual noise attracted the attention of some persons, who went into the room to ascertain what was wrong. They found him very sick, and he continued to grow worse until half-past seven, when he died. At the coroner's inquest, Dr Crane testified that he sold Steppe ten grains of strychnine, and there is but little doubt that he took his own life. He was a native of Kentucky, and about 66 years of age.

FIRST INSTALLMENT.—As the eastern papers begin to arrive, with comments upon our election, we see more of the wide-spread mischief of the satanic press. Taking their cue from the money worshiping monopolists of great circulation, they charge the party with corruption, and some even rejoice in our defeat as a solemn lesson to tricksters. They will learn the truth some time, and lay the blame where it belongs—upon the satanic press.

BLUE CANON STATION consists of a water tank and a wood-pile. Blue Canon proper, or Blue Canonville, boasts a good boarding house, store, saloon, school-house, saw-mill, blacksmith's shop, and about fifteen families.

DEMOCRATIC TRIUMPH.—It is reported that John Morrissey, Democratic member of Congress, won $50,000 on the fight between Jones and Collyer.

WHILE our nighboring towns are complaining of the dullness of the times, Dutch Flat is tolerably lively.

THE King brothers, blue cement miners at this place, have realized five dollars per car load for all dirt broken from their drifts this Summer.

A MR. SMITH, mining alone near Owl Camp, above Lost Camp, has a claim that is paying very well, realizing therefrom, one day this week, five ounces.

SEMI-WEEKLY ENQUIRER.

TRIED FOR ROBBERY.—A man by the name of Lloyd, who has a family residing a short distance this side of Gold Run, was examined before Justice Brown, on Wednesday last, on a charge of robbing Chinamen. About 11 o'clock Friday morning of last week, two white men went to the claim of some Chinamen, below Green Valley, and demanded their money. One of the Chinamen ran for assistance, and returned with Messrs. Pedler and Bryson. At the distance of about eighty yards, the latter discovered the robbers, one of whom had a Chinaman by the throat, while the other was "going through him." The robbers, on beholding the men who had came to the aid of the Chinamen, ran away. Subsequently Lloyd was arrested, but the other was not caught, though he is said to be known. Some dozen or more witnesses were examined. The defence attempted to set up an *alibi*, but the evidence was of such a nature that the Justice decided to bind him over, fixing bail at $2,000. Subsequently, while in charge of an officer, Lloyd wished to enter the house of a Spanish woman, at the lower end of Main street, and was permitted to do so, the officer accompanying him. The woman called Lloyd into the back room; the officer listened to their conversation a moment, got up and going to the door, saw Lloyd going out the back way. He hailed him, when Lloyd started to run, and escaped in the darkness. A rumor was current next day that he had been recaptured at Colfax, but we could not trace it to any reliable source.

DAMAGED.—Harry West, the livery man, had his head considerably damaged, on Wednesday morning last. He was playing with a favorite colt, which he has taught to perform several tricks, when the colt reared, and came down with his fore feet on Harry's head cutting the scalp and knocking him senseless for a time. Had the colt worn shoes, it is probable that Harry might have had the top of his head taken off.

THREATENING EARLY.—Our Democratic friends, galvanized into life by the unlooked for result of the late election, are already threatening. If Governer Low calls an extra session of the Legislature, they will resist its assembling *by force*. Don't be too fast dearly beloved; you might wake up a hornets' nest. Mr Haight is not yet Commander in-Chief of the military of the State. You are going to force things are you?—Well, suppose you try it on.—*Woodland news.*

LUCKY LABORER.—The grand prize in the Paris lottery of one hundred and fifty thousand francs, $30.000, was won by a poor farm laborer at Bures Morainvilliers, in the canton of Poissy. He had requested a friend to get him a ticket, and had taken unto himself a wife shortly before the drawing took place.

SHIP LOVE.—When is a ship properly in love? When she is tender to a man-of-war. When is she improperly in love? When she is (h)ankkering after a heavy swell. When foolishly in love? When attached to a great b(u)oy. When ambitiously in love? When she is making up to a peer (pier).

THERE is a place of entertainment in the Champs Elysee, in Paris, on which you may read in large capitals, without punctuation, these words: "Cafe English Spoken Here." "Cafe English" is a good name for the sort of language you get with your Mocha."

A FARMER in New York sent a barrel of apples to Queen Victoria. His return for the gift was a letter from one of her Majesty's Secretaries with the Queen's thanks.

CHOLERA!

MR. PERRY DAVIS:—Sir: The benefits I have received from the use of your invaluable remedy, the Pain Killer, induces me to pen you a word in its praise. Experience has convinced me that for Headache, Indigestion, Pain in the Stomach, or any other part of the system, severe Chills, Weariness, common Colds, Hoarseness, CHOLERA, CHOLERA MORBUS, Diarrhœ, Dysentery, Toothache, etc., THERE IS NOTHING BETTER THAN THE PAIN KILLER. I have this hour recovered from an attack of the Sick Headache, by using two teaspoonsful, taken at thirty minutes interval, in a wine glass full of hot water. I am confident that, through the blessing of God, it saved me from the cholera during the summer of 1843. Traveling amid heat, dust, toil, change of diet, and constant exposure to an infected atmosphere, my system was daily pre-disposed to dyssentery attacks, accompanied with pain, for which the Pain Killer was a sovereign remedy, one teasroonful curing the worst case in an hour, or, at the most half a day. I have heard of many cases of Dysentery being cured by its use. Put in the teeth, it will stop the toothache. Gratitude and a desire for its general use, has drawn from me this unsolited testimonial in its favor.

ESSENCE OF JAMAICA GINGER.
THIS valuable preparation, containing in a highly concentrated form all the properties of the Jamaica Ginger, has become one of the most popular domestic remedies for all diseases of the stomach and digestive organs.
As a tonic it will be found invaluable to a persons recovering from debility, whether produced by fever or otherwise, for whilst it imparts to the system all the glow and vigor that can be produced by wine or brandy, it is entirely free from the reactionary effects that follow the use of spirits of any kind.
It is also an excellent remedy for females who suffer from difficult menstruation, giving almost immediate relief to the spasms that so frequently accompany that period.
It gives immediate relief to Nausea, caused by the riding in a railroad car, or by sea-sickness, or other causes. It is also valuable as an external application for Gout, Rheumatism, Neuralgia, etc.

MISCELLANEOUS ITEMS.

THE Sultan, while at Buchingham Palace, London, had a lamb brought into the Palace every morning, which was slaughtered there by his butcher, after a certain ceremony had been performed over it. Fowls were also killed in the same fashion. The Sultan always dined alone; there was a special dinner prepared for his son; who also dined alone, as did his two nephews.

MAXIMILIAN was a cousin to Queen Victoria, the Queen of Spain, and the Kings of Italy and Sweden; a brother-in-law to the King of Belgium and a brother to the Emperor of Austria. He was, in fact, connected by the ties of blood and kindred with all or nearly all the crowned heads of Europe.

IN Stanton, Wisconsin, a little girl went to sleep in the field where her father was cutting his wheat, and he, not noticing the child, ran over her, the machine cutting her to pieces.

KLADDERADATSCH (the Berlin *Punch*,) has a rough print representing a grand banquet at the Tuileries. There wore royal guests, czars and kings, all well on with their soup, when rises at the further vacant end of the table a shadowy crowned form, in the likeness of poor Max., and Napolean and Eugenie have dropped their spoons, and started back in stagey aghastment, and the legend was, "The Banquo Feast."

THE way they weigh hogs in Kansas: They first tie the hogs to one end of a rail, balance the rail on a fence with rocks tied to the other end, and then guess how much the rocks weigh.

If a stone weighs ten pounds: how much does a rock weigh?—*Devil.*

A CORRESPONDENT of the Maine *Farmer* says: "Many a housewife may be glad to know, when she has a piece of fresh meat she wishes to keep a few days, that it can be successfully done by placing it in a dish and covering it with buttermilk. I hav practiced the plan for years."

THE Sultan has made a joke. Passing the shop of a well known coiffeur, where chignons were exposed for sale, he inquired if it was a hair-'em.—*Punch.*

SOME rrscal tried to blow up a theatre in England, by turning on all the gas and lighting one burner.

A CLERGYMAN on the Dubuque railroad accidentally sat down in a large basket of eggs to the great injury of the "fruit" and his nice clothes. A brakeman scraped him down with the stove hearth, but the beauty of his attire and his dignity were temporarily destroyed.

VANITY VS. ENVY.—The man who has no enemies is generalla a fool. The higher we rise, too, the more our imperfections are noted. Men praise their inferiors, but criticise their superiors. After vanity, which means praise of ourselves, envy, or dispraise of others, is the most common vice in human nature. Envy is only vanity turned inside out. Right or wrong, for censure we must be prepared.

THE UNION PLATFORM.

The Union Party of the State of California, in Convention assembled, hereby present to the people of this State their platform and declaration of party principles:

Resolved, That in the present, as in the past, we are irreconcilably opposed to treason and to traitors, whether the same shall attempt to subvert our Union and control our Government by fraud and treachery from within, or force from without; and that upon the loyalty of the Nation, tried and proven, we rely to re-establish firmly and forever the bonds of our National Union.

Resolved, that in reconstructing the nation its foundations should be justice and its architects loyalty, and we are unwilling that those so active to destroy, should be the chosen and preferred builders to erect it, and until it shall appear that in the States lately in rebellion loyal Committees exist capable and ready to administer justice and enforce law in accordance with the principles of a government of freemen and equality, it is our wish that the Government be administered and the law enforced by the loyal agents of the Federal Government.

Resolved, That in the reconstruction plan of the late Congress we recognize a policy as wise as it is magnanimous, and when the respective States late in rebellion shall bring themselves within its provisions, we will welcome them as sisters and receive them as equals in a reconstruction Union.

Resolved, That we deem the passage by the Legislature of a law establishing eight hours labor as a legal day's work, eminently just and proper.

Resolved, That the importation of Chinese or any other people of the Mongolian race into the Pacific States or Territories, is in every respect injurious and degrading to American labor, by forcing it into unjust and ruinous competition, and as evil that should be restricted by legislation and abated by such legal and constitutional means as are in our power.

Resolved, That the future primary elections of the Union party in this State should be held under the provisions of the primary election law, and that such test should be prescribed and enforced as shall exclude all persons not members of the Union party.

Resolved, That we fully approve the amendment to the Constitution of the State, presented by the Legislature of 1866, and providing that the Legislature shall have no power to make an appropriation of money for any purpose whatever, for a period longer than two years; that the same should be accepted by the Legislature, adopted by the people and become part of the Constitution of the State.

THIS CELEBRATED INSTITUTE

has enjoyed on this coast an uninterrupted success of fourteen years, and has become one of the renowned Hospitals of the age. What the celebrated Lock Hospital is to London, and the no less renowned establishment of Ricord is to Paris, this Institute has become to the Pacific coast. The thousands annually received and cured place it in point of number of patients among the very first of the world and the success of its treatment ranks it second to none.

PRIVATE DISEASES IN MALES and IRREGULARITIES IN FEMALES are the great destroyers of health. They insidiously attack the system and gradually undermine and destroy it; they drive the bloom from the cheek, the lustre from the eye, the strength from the frame; they give to the world puny and diseased offspring, and poison, through successive generations the race of man. The marks can be seen in Scrofula, Consumption, Cripples, the Idiotic, the Paralytic, the Insane, etc.

There is no more terrible scourge to the human race than those diseases arising from the contamination of Venerial Poison. The mildest forms, by retreating to the blood, hold over the afflicted one, the destruction that is liable at any moment to fall and blight—to utterly destroy—all earthly hopes.

MERCURY, recognized as the most fatal medical enemy to man, combining with the Venereal, doubles its dangers. Those who have been treated with that pernicious mineral poison are not cured; the disease has only assumed a new form.

Do not be satisfied with partial cures

that leave the poison to crawl through the system, eating its way into the tissues and organs beneath the apparently smooth surface, to burst out in the future with a virulence that will baffle the effects of medicine. WHEN PERFECT CURES can be obtained by consulting a physician whom long practice and thorough investigation into the causes of DISEASES of the URINARY ORGANS enables to determine at once the nature of the disease.

In all cases entrusted to the Doctor's care, PERFECT, SPEEDY and PERMANENT,

Cures are Always Guaranteed.

In syphilis and its adjuncts; Gonnorrhœa and its accompanying diseases; and all diseases of the Bladder, Kidneys, and prostrate; Seminal Weakness Diseases of the Heart and Lungs; Dyspepsia; Indigestion, Impotency; Incipient consumption, and all diseases of the urinary organs, in either sex, cure always warranted, NO PAY REQUIRED, at the

Private Medical Institute,

No. 536 Washington street, San Francisco, Cal.

Seminal Weakness or Spermatorrhœa

The young man who experiences that growing weakness in his muscular and menta organization should stop to consider whence it arises. He will find in the weakness of the back, trembling of the limbs, disordered digestion unaccountable failing of the powers of the mind, distaste for society, dread of impending trouble, forebodings of evil, sleeplessness, troubled and lascivious dreams, accompanied by growing deafness, loss of muscular power, and numerous other symptons of disorganization, the positive traces of that most terrible and destructive of all diseases Seminal Weakness—wasting away his powers, destroying his hope of life and manhood, and dragging him along the broken path of his existence towards a premature and loathsome grave. To him who finds his life dribbling out in the discharge of the vital principle of existence in nocturnal and diurnal emissions, the mere cessation of its appearance brings no assurance of relief.

Marriage, that holy office, the safeguard and hope of manhood, brings to such an one no hope of cure, but adds to his misery in the knowledge that the one, who looks to him for so much of her happiness, is a victim to his evil, and an innocent companion of his punishment. He adds to his misery and disorder until hope leaves him. There is no rescue except in proper and skillful treatment. Consult then, at once, a physician whom long practice and careful research has made thoroughly conversant with every phase of the disease. Those who have become the victims of solitary vices, that dreadful, fascinating and destructive habit, which fills thousands o sick-rooms with paralytics and consumptives, and hundreds of untimely graves with its misguided victims, should consult, without a moment's delay, one who will sympathize with their sufferings. To such the Doctor would especially address himself, giving to each and all assurance of a PERFECT and PERMANENT CURE, without hindrance to business, change of diet, or fear of exposure.

Do not forget the address. See below.

Important to Females.

When a female is in trouble or afflicted with disease and requires medical or surgical assistance, the enquiry should be, Where is there a physician who is fully competent to administer relief, and whose respectable standing in society recommends him to the confidence of the community? The Doctor understanding how imperatively necessary these requirements are, feels called upon to interpose, and beg the attention of the afflicted to the fact that he has been a Professor of Obstetrics and Female Diseases for twenty years, and is fully qualified to administer in all cases, both medically and surgically, not in a superficial manner, but in as thorough a manner as years of study and practice—both in hospitals and private families—can make, to save them from the hands of the unqualified, unscrupulous and designing. Therefore families can rely upon him as upon a father. All in affliction can find in him one who will feel and sympathize with and befriend them in trouble—one in whose secrecy the utmost confidence can be placed. Consultation by letter or otherwise, FREE. See address below.

THE CELEBRATED FEMALE REMEDIES, compounded from the private prescription of Dr. Young, have now obtained a most extended popularity, and are correctly viewed to be the safest and surest remedies for the complaints for which they are applied. The constantly accruing testimonials of their efficacy declare them to be pre-eminently superior in their action. No lady should be without these Renovating Agents. None genuine unless procured at this office.

Sent by Mail or Express, to any part of the State. The GREAT FEMALE MEDICINE! PREVENTIVE POWDERS for MARRIED LADIES. New, Safe and Infallible, lasting from four to six months. Price, $10. Patients residing in any part of the State, however distant, who may desire medical advice on their respective cases, and who think proper to submit a written statement of such in preference to holding a personal interview, are assured that their communications will be held most sacred.

MEDICAL.

PRIVATE MEDICAL AID.

QUICK CURES AND MODERATE CHARGES.

DR. W. K. DOHERTY'S

Private Medical and Surgical Institute

Sacramento Street, below Montgomery, opposite the Pacific Mail Steamship Company's Office. Private entrance on Leidesdorff street, San Francisco.

Established expressly to afford the afflicted sound and scientific medical aid in the treatment and cure of all Private and Chronic Diseases, cases of Secrecy and all Sexual Disorders.

TO THE AFFLICTED.

DR. W. K. DOHERTY returns his sincere thanks to his numerous patients for their patronage, and would take this opportunity to remind them that he continues to consult at his Institute for the cure of chronic diseases of the Lungs, Liver, Kidneys, Digestive and Genito-Urinary Organs, and all private diseases, viz: Syphilis in all its forms and stages, Seminal Weakness, and all the horrid consequences of self-abuse, Gonorrhœa, Gleet, Strictures, Nocturnal and Diurnal emissions, Sexual Disability, Diseases of the Back and Loins, Inflammation of the Bladder and Kidneys, etc., etc., and he hopes that his long experience and successful practice will continue to ensure him a share of public prtronage. By the practice of many years in Europe and the United States, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. He uses no mercury, charges moderate, treats his patients in a correct and honorable way, and has references from men of known respectability and high standing in society. All parties consulting him by letter or otherwise, will receive the best and gentlest treatment, and implicit secrecy.

DR. DOHERTY would call attention to the following certificates from two of his patients; who, having fully recovered their health, desire to make known their remedial agent. It will be seen their statements are fully authenticated by a Notary Public.

The welfare of society imperiously demand their publicity and they are given more to warn the unwary than to sound the praise of a Physician, of whom hundreds of like cases can be cited during a practice of more than fifteen years.

DR. DOHERTY—Dear Sir: I feel my health so fully restored, that in common gratitude, I believe I should make you some written acktlowledgment for your valuable services—particularly as your fee was small for the work performed.

I arrived in this city from the East about one year ago, and was then suffering from an old case of Gleet, complicated with Stricture. Being a stranger in this city, and believing those Doctors who gave such positive assurance of success were necessarily the best, (some of which have a large number of titles,) I placed myself in their charge and continued under their treatment until I had lost nearly all hope and a considerable sum of money.

I wish to say now that you are the sixth Doctor I have employed, and the only one that has ever done me any service. My Gleet is wholly cured, the Stricture is all removed, and my general health is better than it has been for years.

In conclusion, I would say to the many unfortunates who require medical advice, if you have any doubt as to whom you may employ, ask Dr. Doherty for my addres and call and see me. (I keep store in this city.) My experience may save you many dollars.

I would also add that in the early stage of my disease I used a large amount of the preparations advertised as an infallible cure for Gonorrhœ, Gleet, etc., but never derived any benefit from them.

I am, Doctor, very truly yours,
L—— H——.

San Francisco, June 16, 1864.

subscibed and sworn to before me, this 21st day of June, A. D. 1864.

[L. S.] A. S. GOULD, Notary Public.

Seminal Weakness—A Sworn-to Certificate of a most Remarkable Cure of Spermatorrhœa.

A desire to benefit humanity, and a feeling of gratitude to Dr. W. K. Doherty, alone induces me to make this statement. For many years I have been afflicted with that fearful disease known as "Spermatorrhœa," or Seminal Weakness, the result of self-abuse, but till 1855 experienced but little trouble or inconvenience. In that year however, I had Seminal Weakness to an alarming extent, which was soon followed by the most alarming symptons as weakness of the back and limbs, pain in the head, dimness of vision, nervousness and general debility. My mind, too, was affected to such an extent as to seriously impair my memory; my ideas were confused and spirits depressed. I was averse to society, had evil forebodings and self-distrust, and was entirely unfitted for any of the duties of life. From 1855 to the summer of 1863, I employed the very best medical talent I could find, and spent several hundred dollars, but in no instance obtained more than temporary relief. I had about concluded there was no relief for me in this world, but seeing Dr. Doherty's advertisement, I thought I would call and see him, as he charged nothing for consultation. I had an interview with Dr. Doherty at his office, in Sacramento street, and his fee for treatment was so reasonable, I determined to try him, though I did not expect much benefit from his treatment. On the 5th of December last I placed myself under his care; in one week I found myself very much improved, and, now, after five weeks' treatment, I feel myself thoroughly cured of all my troubles and in the enjoyment of the best health. Hoping that my experience may be of benefit to others similarly afflicted, I subscribe myself JAMES JOHNSTON.

Subscribed and sworn to before me, this 15th day of January, A. D. 1864.

[L. S.] A. G. RANDALL, Notary Public.

To Females.

When a female is in trouble, or afflicted with diseases as weakness of the back and limbs, pain in the head, dimness of sight, loss of muscular power, palpitation of the heart, irritability, nervousness, extreme urinary difficulties, derangement of digestive functions, general debility, vaginitis, all diseases of the womb, hysteria, sterility, and all other diseases peculiar to females, they should go or write once to the celebrated female doctor, W. K. Doherty, at his Medical Institute, and consult him about their troubles and disease. The Doctor is effecting more cures than any other physician in the State of California. Let no false delicacy prevent you, but apply immediately and save yourself from painful sufferings and premature death. All Married Ladies whose delicate health or other circumstances prevent an increase in their families should write or call at Dr. W. K. Doherty's Medical Institute, and they will receive every possible relief and help. The Doctor's offices are so arranged that he can be consulted without fear of observation.

To Correspondents.

HOPE FOR THE AFFLICTED.—In another part of this paper will be found the advertisement of the celebrated Institute established by Dr. J. C. YOUNG, in 1850. In this age of deceit and charlatanism it is a boon to the suffering to point out to them where they are sure of obtaining the wished for relief and cure. Under the care of the skillful Doctor the sick and troubled can divest themselves of their burdens of pain; lay aside their cross, and secure health and happiness. If you are sick or in trouble, do not hesitate. Read the advertisement and follow the advice. Do not forget the number or the manner of directing your letters. MEDICAL ADVICE.—DR. WM. K. DOHERTY'S Medical and Surgical Institute is becoming a sine qua non to the welfare of our State and health of our citizens; and his rapidly spreading reputation, although it may excite surprise, is but the signal of skill, and follows as the natural result of such a cause. We are personally acquainted with gentlemen who had suffered for years under chronic disease, and who had taken advantage of every available means that promised relief, but without success, until they called upon Dr. Doherty, who, in an incredibly short space of time, has given them entire relief. It is gratifying to announce this fact, because the Dr. is a gentleman who seeks, not by defamation of others to establish his reputation or ruin of another's fame. The Doctor conducts his own Institute in such a manner must be gratifying to all his patients. He examines, advises, and recommends without charge, and the patient, after hearing his terms for treatment, can accept or reject at pleasure. In no case does the Doctor make a charge unless he effects a cure. This he is able to do, because he feels the confidence which long experience has given, and no doubt the consolation which appertain to that confidence. Persons afflicted with either acute or chronic disease, would do well to consult the Doctor; at all events, it can do no harm, as for consultation he asks no fee; nor does he insist on obedience to his advice unless the patient places himself under his care. His offices are on Sacramento street, opposite the Pacific Mail Steamship office.—News

SPECIAL MEDICAL NOTICE.—DR. CHAS. H. TOZER would most respectfully inform the sick and afflicted that his MEDICAL INSTITUTE is removed to No. 108 Montgomery street, next door to the Occidental Hotel, San Francisco. Having relinquished my old modes of advertising, which has become so common with all the Quack Doctors of San Francisco, filling up the newspapers with false references, for the purpose of imposing upon strangers. I think it is only necessary to inform those in need of a Physician of long experience and successful practice, that I can be consulted at all business hours, at my Medical Institute, corner of Kearny and Jackson streets, San Francisco.

Ladies suffering from the Whites, Piles, Weakness of the Back, Pain in the Side, Headache, Palpitation of the Heart, Derangement of their Monthly Sickness, and all other diseases that the Female System is subject to, will find prompt relief by applying to DR. TOZER.

My Female Monthly Pills were never known to fail in giving relief in those cases for which they are recommended. To be obtained only at my office. Price $5 00 with full directions on each Box. Sent by mail or express.

MEDICAL.

FRENCH MEDICAL OFFICE.

DR. JULIEN PERRAULT, Doctor of Medicine of the Faculty of Paris, Graduate of the University Queen's College, and Physician of the St. John Baptiste Society of San Francisco.

DR. PERRAULT has pleasure to inform patients, and others seeking confidential medical advice, that he can be consulted daily at his office, Armory Hall Building, North-East corner Montgomery and Sacramento streets, San Francisco. Rooms No. 9, 10, 11, first floor, up stairs entrance either Montgomery or Sacramento streets.

DR. PERRAULT'S studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the results of injurious habits acquired in youth, which usually terminate in impotence and sterility, and permanently induce all the concomitants of old age. Where a secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruit tasted long afterward; patients, laboring under this complaint, will complain of one or more of the following symptons: Nocturnal Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Uretha on going to stool or making water, the Intellectual Faculties are Weakened, Loss of Memory ensues, Ideas are clouded and there is a disinclination to attend to business, or even to reading, writing or the society of friends, etc, The patient will probably complain of Dizziness, Vertigo, and that Sight and Hearing are Weakened and sleep disturbed by dreams, melancholy, sighing, palpitations, faintings, coughs and slow fever; while some have external rheumatic pain, and numbness of the body. Some of the most common symptons are pimples in the face and aching in different parts of the body. Patients suffering from this disease, should apply immediately to DR. PERRAULT, either in person or by letter as he will guarantee a cure of Seminal Emissions and Impotence in six to eight weeks.

Patients suffering from venereal diseases in any stage Gonorrhea, Gleet, Strictures, Bubo Ulcers, Cutaneous Eruptions, etc., will be treated successfully. All Syphilitic and Mercurial Taints entirely removed from the system.

DR. PERRAULT'S diplomas are in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best references given if required.

Patients suffering under chronic diseases, can call and examine for themselves. We invite investigation; claim not to know everything, nor to cure everybody, but we do claim that in all cases taken under treatment we fulfil our promises. We particularly request those who have tried this boasted doctor, and that advertised physician, till worn out and discouraged, to call upon us.

Low charges and quick cures.

Ladies suffering from any complaint incidental to their sex, can consult the doctor, with the assurance of relief.

Female Monthly Pills.

DR. PERRAULT IS the only agent in California for DR. BIOT'S Female Monthly Pills. Their immense sale has established their reputation as a female remedy, unapproached, and far in advance of every other remedy for suppressions and irregularities, and other obstructions in females. On the receipt of five dollars, these Pills will be sent by mail or express to any part of the world, secure from curiosity or damage.

Persons at a distance can be cured at home, by addressing a letter to Dr. PERRAULT, corner of Sacramento and Montgomery streets, Rooms, 10 and 11, or Box 973, P. O., San Francisco, stating the case as minutel as possible general habits of living, occupation, etc., etc.
